The Illinois Medical Directors Association and The Missouri Association of Long-Term Care Practitioners in Conjunction with the Chicago Medical Society Presents

Fourth Annual Bi-State Conference on Post-Acute & Long-Term Care

Friday April 26 – Sunday April 28, 2019

10.75 CME Credits

Marriott St. Louis Grand Hotel
St. Louis Mo
800 Washington Ave, St Louis MO 63101
Desired Learning Outcomes

Vitamin D and supplements, an update: talk for 90 mins, including 15 mins Q and A.
- Understand the present standing of vitamin D screening and indications for use
- Provide data from studies as to the benefits or inefficacy for various disorders
- Discuss the use of other supplements, including misuse, benefits and harms

Diabetes CPGs for the Old
- Discuss the current CPGs on diabetes, based on AGS and ADA guidelines
- Discuss the approach to management of diabetes in the old and revised target goals
- Focus largely on lifestyle approach rather than medication use

Long Term Care: Past, Present and Future
- Analyze industry and patient trends in post-acute and long-term care settings
- Consider medical practice opportunities that will shape the future for primary care and geriatrics
- Assess the value of accountable care and population management
- Focus attention on safety and what the individual practitioner can do to mitigate risk

More Lessons from Litigation: Targeting Performance Improvement in Post-Acute and Long-Term Care Facilities
- Describe the main areas of litigation commonly encountered in PA/LTC facilities
- Discuss ways the medical director, attending physician, administrator and DON can glean lessons from PA/LTC litigation to use for performance improvement activities in their facilities that can serve to lessen the chance of being involved in litigation
- Recognize the importance of recognition of 'near miss' events and subsequent implementation of follow-up action to prevent liability with adverse outcome
- Describe the importance of updated care plans that reflect appropriate goals of care for nursing facility residents in reducing the chance of litigation involving nursing facility residents

Opioid Use & Challenges in Subacute and Long-Term Care
- Identify patients at risk for opioid abuse in the nursing home setting
- Manage patients with acute pain and a history of opiate abuse
- Evaluate patients with chronic pain and a history of substance use

Antipsychotic Potpourri
- Describe the basic steps of a deprescribing algorithm for antipsychotics
- Give 3 reasons why psychoactive misuse occurs
- Explain the difference between the old F329 and the new F757 and F758
- Summarize the 2016 APA guidelines on antipsychotic use

Billing and Coding Update
- Describe the 9 codes used for coding typical nursing home visits and how they differ
- Discuss new codes developed over the last several years and their applicability to SNF/NH
- Understand how NP/PA rules differ from physicians
- Explain frequency of visits and medical necessity

Polypharmacy and Deprescribing
- Identify common chronic diseases associated with inappropriate prescribing and medication errors
- Discuss strategies to reduce medication burden in complex patients with advanced age limited life expectancy
- Describe interprofessional strategies to reduce or prevent polypharmacy and inappropriate medication use
- Utilize drug-specific tools and protocols to reduce polypharmacy

CMD Credit Statement: This live activity has been pre-approved by the American Board of Post-Acute and Long-Term Care Medicine (ABPLM) for a total of 4 management hours and 6.75 clinical hours toward certification as a Certified Medical Director (CMD) in post-acute and long-term care medicine. The CMD program is administered by the ABPLM. Each physician should claim only those hours of credit actually spent on the activity.

CME Credit Statement: This educational offering has been reviewed by the National Continuing Education Review Service (NCERS) of the National Association of Long-Term Care Administrator Boards (NAB) and approved for 10.75 clock hours and 10.75 participant hours.

Note: The Chicago Medical Society is accredited by the ACCME to provide continuing medical education for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The following Chicago Medical Society CME planning members involved with this activity have disclosed that they do not have any relevant financial relationships with commercial interests: Michael Hanak, MD, FAA, Eric A. Eason, MD, Arjang Khorsandi, MD, and Vemuri S. Murthy, MD, Ted Kanelakes, and Candice Cole. The following IMDA CME planning members involved with this activity have disclosed that they do not have any relevant financial relationships with commercial interests: Leo Kanev, MD, Randall Huss, MD, and Charles Crecelius, MD.

Physicians should claim only the credit commensurate with the extent of their participation in the activity. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.
